SOCIOLOGICAL THEORY: A Critical Primer

PRINTMILL

## If you are a grad student...

- preparing to take your theory ‘comps,’
- wanting to gain a better understanding of the agency / structure debate, and/or
- looking for an introductory text into the critical theory of the Frankfurt School,

**you need to buy this book!**

Just like Dr. Jensen’s first book, this primer — which contains a treasure trove of salient citations — makes available a substantial amount of practical information about sociological theory in a short amount of reading time.

Author: Under the mentorship of Prof. Rudolf J. Siebert (b. 1927), Dr. Jensen earned his Masters in Comparative Religion and, in 2015, his doctorate in Sociology from Western Michigan University. His masters degree gave him a working knowledge of Christianity, Buddhism, and Islam. His doctorate allowed him to specialize in sociological theory, the sociology of religion, the critical theory of the Frankfurt School, and, in particular, the works of Erich Fromm (1900-1980).
